SUBJECT: Expanded List for Potential Gold Ring Conversions

MEMO: HIS/044/97

DATE: Aug. 6, 1997

The locations listed below should be considered for conversion to Gold Ring Tobacco Shops. All buildings do not conform to the typical A, F, etc., configurations. Please work with the respective Division Managers and Steve Dicks to get these locations drawn up. We should include all other "blitz" scope items slated for these stations, at the time of conversion, but do not wait for the market blitz.
